Signature: _____

All alcoholic beverage products purchased from Stirling Tropical Wines are sold in the State of Florida, and title passes to the buyer in Florida immediately at the time of sale. This applies to all sales whether by internet, e-mail, phone, or in person at the Wine Store. Because of the myriad and ever changing laws governing the shipment of alcoholic beverages to different states, counties, and local government and the lack of any seeming uniformity and opinions of constitutionality, Stirling Tropical Wines makes no representation as to the legal rights to ship or import alcoholic beverages into any state outside of Florida. The buyer is solely responsible for the shipment of alcoholic products and for specific knowledge of his or her state's, county's, or local laws concerning alcoholic beverage shipment. By placing an order with Stirling Tropical Wines, the buyer expressly authorizes Stirling Tropical Wines to legally act as agent on the buyer's behalf to engage a common carrier as the delivery service for the order and that it is legal for an out-of-state buyer to receive alcoholic products by common carrier at the address provided by the buyer. In placing this order, the buyer further represents that the buyer or the buyer's authorized, designated order recipient is at least twenty-one (21) years of age on the purchase date.
